AVISTA SOLUTIONS NAMED A MORTGAGE TECHNOLOGY MAGAZINE TOP 50 SERVICE PROVIDER FOR THIRD STRAIGHT YEAR

The publication has selected the mortgage software provider as an industry leader in 2007, 2008 and 2009

COLUMBIA, SC, JULY 16, 2009 – Avista Solutions, an industry leader in end-to-end, web-based mortgage software, was selected by *Mortgage Technology* magazine as a Top 50 Service Provider for 2009. The company was named to the Top 50 Service Provider list in 2007 and 2008 and received *Mortgage Technology's* Help Desk Award in 2007, making this the fourth accolade Avista has received from the publication. Avista is featured along with the 49 other winners in "Best of the Best," the magazine's June 2009 cover story about this year's Top 50 Service Providers.

"Columbia, SC-based Avista Solutions has earned a place on the list because it offers a fully Web-based LOS that provides lenders toolsets for wholesale, correspondent, retail and consumer direct lending," the article states. "In addition, Avista has about 150,000 unique users nationwide."

Mortgage Technology selects its annual Top 50 Service Providers based on four major criteria: Customer satisfaction, functionality, market share and viable revenue model. Demonstration of functional value to lenders is the magazine's most important criterion, the article states.

"Being recognized as a Top 50 Provider by *Mortgage Technology* magazine for the third year in a row is a real honor," Avista Solutions CEO Mark Phlieger said. "Since Avista was founded in 2001, we have been dedicated to providing mortgage lenders with the most innovative technology in the industry and exceptional customer service. As the mortgage industry continues to change, our goal is to develop new products to assure that our customers continue to have the best possible mortgage origination technology."
